## WORK EXPERIENCE

**CBS Interactive**, *Contributing Writer for TechRepublic/Download, New York, NY* March 2018 – Present

- Was tasked with covering a series of cyberattacks on the cities of Baltimore and Atlanta as well as corporations like Sears and Lord & Taylor.
- Examined innovations occurring in a number of different industries due to the use of blockchain, AI, 3D printing and other technology.
- Wrote hundreds of articles about popular apps dominating Internet trends and affecting the worldwide business landscape.

**Phnom Penh Post**, *Supplements Editor, Phnom Penh, Cambodia* October 2017 – January 2018

- Edited and proofread all of the stories for the weekly Property Supplement as well as other 8-page inserts covering business, health, technology and travel.
- Reported and wrote stories for all of the supplements, covering new technology efforts and Cambodia's economic status.
- Managed a team of reporters and layout designers while working with advertisers to organize all aspects of every supplement.

**The Cambodia Daily**, *Layout Editor, Phnom Penh, Cambodia* April 2017 – September 2017

- Managed the layout process for the daily print edition and led a team of 4 in designing and proofreading each issue.
- Personally designed each front page and worked with senior editorial staff members to decide on story placement.
- Chose the regional and international wire stories for the back end of the newspaper while writing and editing some stories of my own.

**Khmer Times**, *National Editor, Phnom Penh, Cambodia* January 2015 – March 2017

- Led the editorial team while working with reporters to cultivate story ideas, editing pieces and managing the breaking news portion of the website.
- Reported and wrote articles for the print edition on topics such as unions, refugees, politics and corruption.
- Created the layout for each edition and decided on story placement, photos and headlines.

**United Nations Migration Agency (IOM)**, *Public Information Assistant, Amman, Jordan* January 2014 – July 2014

- Wrote IOM/UN press notes, newsletters and promotional material summarizing the organization's activities in Syria and Iraq.
- Updated the layout of the IOM/UN website and graphically designed IOM/UN documents in coordination with UNICEF, EU, Iraqi and US government officials.
- Contributed frequent human-interest stories, photo galleries and videos about Syrian and Iraqi refugees after trips to refugee camps in Iraqi Kurdistan, describing the assistance IOM provided to beneficiaries.

**Business Day/Financial Mail**, *Web-Multimedia Intern, Johannesburg, South Africa* August 2013 – January 2013

- Posted print pieces online, updated subsections of the website and organized webpage layouts to maximize visibility and prioritize newsworthiness.
- Edited articles and cut together video pieces, both for daily news stories and company ad campaigns.
- Reported and wrote articles as well as created infographics that accompanied stories on major national and international issues.
